**ANGEL PARK GOLF CLUB ANNOUNCES
NEW EXPRESS LANE TEE TIMES**

First five tee times set aside for golfers who agree to finish in at least 3 hours and 45 minutes

LAS VEGAS, Nevada – Angel Park Golf Club now provides Express Lane tee times on one of its two 18-hole golf courses each Saturday morning to golfers who commit to finishing 18 holes in 3 hours and 45 minutes or less. Although the exact times vary with the season, currently the five Express Lane tee times are from 7 am to 7:28 am.

“One of the things we consistently hear throughout the golf world is that it takes too long to play,” said Greg Brockelman, Director of Golf at Angel Park. “In an effort to combat this issue, we created Express Lane. The reality is that most people live very busy lives. Whether it’s trying to catch up at work or other responsibilities at home, people have a hard time carving out five hours to play a round of golf. Not to mention that some golfers just like to play fast.”

To ensure that there is no misunderstanding, the reservationist reminds the guest when they book their tee time that they must maintain at least a 3-hour 45-minute pace. A note is placed in their golf car, and the starter provides a final mention. They also sign an agreement stating that if they fail to maintain pace, their round may be interrupted to accommodate faster play. This interruption could include moving them to the other golf course, moving them forward into position, or moving them backwards behind the last Express Lane reservation. While every attempt is made to avoid an interruption, Angel Park must honor the agreement it made with the other Express Lane golfers (i.e. 3-hour 45-minute finish times, guaranteed).

“We love it,” said Las Vegas resident, Lowell Masters. “It’s a win-win situation for us. We can tee it up in the morning, and get back to the house with the entire day still ahead of us.”

Angel Park Golf Club is a 36-hole facility located in the Summerlin area of Las Vegas. Its Mountain Course and Palm Course were both designed by Arnold Palmer. The club also has a 12-hole Cloud Nine Short Course, the World’s Original natural grass putting course and an expansive practice tee – all of which are lighted for evening enjoyment.
